## Help your patients understand their health conditions

- HealthInfo has high quality information, including information specific to Waitaha Canterbury.
- HealthInfo is continually being updated so check back regularly to see what's new.
- If you use HealthPathways, check the "For patients" link at the bottom of each pathway to see what's available on HealthInfo, including patient leaflets you can print.

### Give out a Healthinfo card

On a HealthInfo card write a key word your patient can use as a search term to quickly find the right information – such as "Diabetes" or "Heart failure".

To order HealthInfo cards, posters or flyers, go to: [www.cph.co.nz/resources](http://www.cph.co.nz/resources)
